OUTSIDE MEDDLERS.

The Carson Index and Carson Tribune are worried over the recent action of the Central Committee of Esmeralda county. It is really none of their pie. The Republicans of Esmeralda are united and harmonious, and are Republicans in the fullest sense of the term. There are no dissensions or bickerings in the party ranks in this county. If the Index and Tribune will see to it that in Ormsby county the stalwarts, half-breeds, Dolly Vardens, bolters, chronic kickers and soreheads who have nearly dismembered the Republican organization in that county, are marshaled into line for good work at the next election, they will achieve a great deal; and while doing so it is apprehended they will be kept too busy to manage or meddle with the political affairs of outside counties.

The above, from the True Fissure, we fully indorse.

It is rather extraordinary that the members of the Esmeralda Committee, with the recollection of what occurred at Eureka four years ago concerning the same act by the Storey county Republican Central Committee, should think of appointing delegates to the State Convention. Such an act leaves the door open to the worst political schemers, and it is to be hoped that our Esmeralda friends will reconsider their action and leave the matter in the hands of the people.

The above, from the Carson Tribune, we regret to see, for we believe the old gentleman's heart is right, though his head is wrong in this instance. Did he know the facts as they are, he would be sorry he wrote the paragraph.

With Dormer as a candidate for Secretary of State and Judge Wells as a candidate for Lieutenant Governor, the recently appointed State delegation from Esmeralda county will have two rather solid propositions before the State Convention. Both gentlemen are delegates. Proxies will probably be the etiquette of the business.

And this last "specimen brick" is from that truly "Stalwart" sheet, the Carson Index. Such thrusts at this county and its reputed candidates are not only uncalled for, but wholly unjust. In the first place, no dissatisfaction, as far as we can learn, exists in the party as to the late action of the Republican County Central Committee; nor is there likely to be, unless unkindly brought about by outside influence. In the second place, as to the candidacy of Mr. Dormer, we are not advised; but as to that of Judge Wells we know, and he is not an aspirant for Lieutenant-Governor, or aught else, and would not walk one block in Reno to be nominated for any office—he has a better thing. His law practice is large and he could ill afford to give it up for the best office in the State of Nevada. Finally, Judge Wells, in the committe, urged the plan of electing delegates to the State Convention, made a motion to that effect and voted for it. And we know that he, as well as Mr. Dormer, is willing to give place to such delegate as the Republicans of his district may elect if they prefer any one to him.

If the Index and other papers outside of this county will try as hard to unite the party as will the True Fissure, the HERALD and the much abused Central Committee of this county, a good State Ticket will be put up and elected, too.

Jere Black expresses the opinion that the opposing candidates for the Presidency in 1884 will be James G. Blaine and General Hancock. As to the latter there may be a little doubt, but his prediction is not a hazardous one so far as Blaine is concerned. No matter whom the Democrats may put up against Blaine, he will sweep the country by an overwhelming majority. No man in the nation is capable of so nearly filling Garfield's place in the hearts of the people.

The Eureka Leader says that the appointment of Sabin as United States District Judge is a certainty. General Sabin received a dispatch from James E. Anderson, which briefly stated that there were excellent reasons for delay in the appointment; that the salary would be increased to $5.000, and that his appointment was certain, and would be made very soon.

The Board of Pardons have adjourned until October, which will be the last session of the present Board. The Board of Pardons consists of the Governor, three Supreme Judges and the Attorney General. The Governor's Private Secretary is Secretary of the Board.

The days and weeks are slipping by and soon the voters will be struggling to get their names registered. Every person who wishes to vote at the coming election must be registered, and why not commence early?

In boring a well at Cloverdale, Sonoma county, the auger, at a depth of thirty feet, passed through a white pine log, and six inches further struck a tree standing on end and had to cease operations.

We have received the second number of the Calico Print, published at Calico, San Bernardino county, Cal. The Print is very neat typographically, and brim full of interesting local, mining and other news. Vincent & Overshiner are the publishers.

Next month President Arthur and members of the Cabinet will visit the Denver, Colorado, Exposition. Thence they will go to San Francisco, by the southern route, returning home through Nevada, via Lake Tahoe.

Utah has sent three car loads of exhibits to the Denver Exposition, and on Saturday another will be forwarded.

Editor McGlashan of Santa Barbara has been granted a patent for his railroad train telegraph.

Resolved, That if a vacancy should occur in any delegation after the Primaries are held, said vacancy shall be filled by the remaining delegates.

Resolved, That any county may elect delegates to the State Convention at a County Convention the members of which shall have been elected at regular Primaries, held on or before the said 19th day of August, 1882.

The following test was adopted and recommended for use at the Primaries: "Are you a Republican, and will you support the nominees of the Republican State Convention?"

ESMERALDA HERALD.

AURORA, SATURDAY, JULY 29.

The Dance.

The social dance at Wingate Hall last Monday night was a very enjoyable affair and was well attended.

Costly Plasters.

Sheriff's plasters have been stuck onto the State Line mill and mine at Gold Mountain that will cost that company in the neighborhood of $20,000 to remove.

Arrived.

Last Saturday night Constable M. E. McCarthy brought in from Candelaria O. Levigne, who shot and killed Joseph Ricard at that place the latter part of last May, and lodged Levigne in jail.

First of the Season.

Wednesday the first fruit wagon of the season came in from the Sonora. It had aboard apples, plums and wine The citizens of our town cleaned it out as clean as a shotgun in a very short time.

A Crank President.

According to the Calico Press, San Bernardino county, Cal., the stockholders of the Calico Union Mining Company have elected a Crank for President. Certainly this is a period of cranks.

Cloud Bursts.

The press of this coast for the past month have chronicled numerous cloud bursts. In this immediate vicinity we have escaped the unwelcome visitor so far, but the weather of the past week has been rather in his favor.

Blood and Thunder Boys.

The small boys at the State capital, according to the Carson Appeal, go constantly armed with dirks and pistols concealed about their persons. The Appeal lays it all to reading blood and thunder stories in dime novels.

Their Mark.

An exchange says: "A counterfeit $5 piece is in circulation. It is recognizable by a depression toward the center." These pieces are as good as any others. They are only coins that have by accident at some time fallen into the hands of some poor devil of a newspaper man. The depression in the center is the mark of his thumb.

A Candidate.

The Lyon County Times says: "J. M. Dormer is out for Secretary of State. The Republican party can look around for a long time before finding a better candidate." We haven't seen Brother Dormer's card yet in the HERALD, but then newspaper men are backward about coming forward on account of their extreme modesty.

Your Pedigree.

If you want to know what kind of a hairpin you are, just announce yourself for some State or county office in the HERALD—$10, invariably in advance—and you will in return get a full history of yourself, your uncles and your aunts, through the columns of some of our exchanges, which will be forwarded to you, postage paid.

His Card.

J. F. Boller to-day inserts his professional card in the HERALD to let the public know that he is ready for business, and where he can be found. Mr. Boller is a rising young lawyer, steady, attentive to his business, and will pay prompt and strict attention to any matter in the legal line that may be intrusted to him.

"If."

The editor of the Grantsville Bonanza must be in trouble. Listen to him: If we could only got along without paying our debts what a happy world this would be. It is a great pleasure to buy what you want and have it charged, but is a fearful thing to live, as Byron says,

> Dreading the climax of all human ills,
> The inflammation of our weekly bill.

Oh, of Course Not.

Oh, no. People never read the local paper; but let the editor ever so mildly intimate a reform in this or that affair, say something that this or 'tother person don't like, or omit to give some one else a scoring, and its marbles to dollars he will be interviewed ten times before breakfast for his acts of commission or omission. A queer world is this, with lots of very sensitive people in it.

A Pied Miner.

Tuesday afternoon Wm. W. Barnes walked into the Bodie Miner office and after upsetting a galley of type shoved the fourth page of the paper from the imposing stone onto the floor and made a mass of pi of it. Barnes was drunk. He once owned the material of the Miner and still claims it, though it has been in the hands of Justice Thomas Newman for some time, and is leased to Curry & Jones by him. If Barnes owns the material, he can get it by law, and ought to have it, but his conduct of Tuesday is unbecoming a member of the craft, and unless he makes the proper amends, the Bodie printers should drop him from their ranks. Barnes was taken before Justice Phlegar, plead guilty and was fined $35—a very light fine for the damage done.

Sale of Public Lands.

The law giving the State of Nevada 2,000,000 acres of land in lieu of the 16th and 37th sections, went into effect June 16th, 1880—two years ago. Since that time the State sold 120,540 acres, or over 5,000 acres per month. Much of the land thus sold is located in Roop, Elko and Lincoln counties, and has been purchased by stock men. Considerable land has been taken up in Paradise valley. Sales of public land have fallen off somewhat lately, but still the average will be pretty good. There is a great deal more good land for sale in various parts of the State. Since the State has received the two-million acre grant many locators who had applied for land under the Desert Land Act, have forfeited their first payments and land office fees, abandoned their claim and relocated the land under the State law, finding it cheaper and more satisfactory. The revenue from the sale of these lands amounts to upwards of $500,000.

Democratic Meeting.

The committee meeting, of which a full account is given in another column, of the Democratic Central Committee of this county was well represented from all parts of the county, and it shows that the party leaders are up and doing and intend to make it interesting for us Republicans if there is any virtue in work. We are glad to see that interest manifested by our Democratic friends and to know that men of standing in their ranks have taken hold of the wires, for it will be the means of placing none but their best men upon their ticket. Republicans will profit by the example, and put their best men forward, which will insure us a good set of officers, no matter who wins the day at the polls.

A Pleasant Resort.

Last Sunday, in company with Dr. H. B. Davison and Miss Sarah Davison, with our family we spent a very pleasant day at H. D. Fletcher's, about six miles down on the Hawthorne road. Mr. Fletcher sets an excellent table, and everything around the house is neat and clean. The fish pond has been provided with a boat that will seat ten people. It is quite a treat to be able to take a boat ride in this country of sand and sagebrush, and the attraction will no doubt draw visitors to Fletcher's quite often. He is also making improvements about the house and place that will make it inviting for people. It is a lovely ride from Aurora to Fletcher's early in the morning behind one of Cobb's teams.

The Wounded Prisoner.

In company with Dr. Davison, we visited the jail last Wednesday and were shown into the cell where lay the prisoner O. Levigne, who shot and killed Joseph Ricard in Candelaria in the latter part of May, and then run and fell over a pile of rocks and broke his left leg just above the ankle. Before he was brought over from Candeleria, and while moving around on crutches, Levigne fell and hurt the injured member, causing inflammation to set in, and he now has a very bad looking leg, though there has been some improvement since he arrived here last Saturday.

Wire Pulling.

The following from the Reese River Reveille, will apply very well to our town and county: "About now the local Austin politician lays awake nights, studying the political situation agd wondering whether it will be best to get in on the Republican or the Democratic side. Things are badly mixed here politically, and the best men, nominated on either side are the only ones which are likely to win this time. Neither party can afford to carry any scrubs on their tickets. The people want no frauds in office, and will not vote for them even if nominated.

Changed Hands.

The Homer Index has passed from the control of John I. Ginn, that veteran journalist and prince among his fellow men, into the hands of James T. Huling. John I. has done much for Homer District, and the people of that section have him to thank for any attention that has been paid their mines the past year. While we part with him reluctantly, we also welcome Mr. Huling, and judging from his journalistic efforts, have every reason to hope that the Index will continue in the future what it has certainly been in the past—a live local paper.

Tom Moore Arrested.

We are informed by District Attorney D. J. Lewis that Tom Moore, supposed to be the man who shot Ben Martin in the leg at Luning some time ago, is under arrest for the offense at Austin. James N. Reid, who left here with P. C. Ward yesterday, will go on to Austin and bring Moore back with him.

Discharged from the Asylum.

Timothy Dooley, of Gold Hill, who has been insane for five years, and James Rodin, of Austin, who has been insane for a year and a half, were discharged from the Insane Asylum at Reno Thursday of last week as cured.

Smith's Valley Items.

A correspondent kindly sends the following items of news from Smith's Valley:

The mammoth store of John Hoye is rapidly progressing, and when completed will be one of the largest in the county.

Charles Smith, who had his arm broken while cutting hay on F. Rivers' ranch has returned to his home in Carson Valley.

The closing exercises of school were largely attended.

Mrs. D. Hutson has returned from Sacramento much improved in health.

D. C. Simpson and Doc. Hutson have departed for Oregon to purchase cattle. They expect to be absent about six weeks.

A number of the residents of Smith's Valley went to Carson to attend the circus.

Mr. Brown, who had his leg broken while working on the barn near Wellington is able to get around on crutches.

Dr. A. S. Richardson, of Mason Valley, has been dangerously ill at the Elsworth House, in Carson.

County Fair.

Strange to say, we have nothing to report as yet concerning our County Fair. Gentlemen, wake up. Profiting by last year's experience, it should appear plain to you that if a success is to be made, no time can be lost in announcing to the people that Esmeralda county is going to have a Fair, and listing your premiums. The Enterprise says that last year our Fair held at Mason Valley beat the State Fair. If we only wake up in time this year we can double discount our Fair of last year.

The Right Man for the Position.

Joe Harlow, our old-time friend, and one of the best printers on the Pacific coast, is an aspirant for State Printer. While we have no fault to find with Mr. Maddrill's management of affairs during his administration, we believe that Mr. Harlow would discharge the duties of the office in a very satisfactory manner, and being in favor of rotation in office we heartily endorse him and hope that he will secure the nomination and election.

Would Like to Come.

Governor Kinkead is almost weekly in receipt of communications from parties in Europe desiring to locate in this State. The Carson Appeal says, judging from their style of correspondence, these applicants for information regarding the advantages to be derived from a residence here, are very illiterate and poor, whose immigration to this country would not be much to our advantage.

Absconding Witness.

Last Tuesday Deputy Sheriff Brent received a dispatch that there was on the Bodie bound stage a man by the name of P. C. Ward, who was a witness in a case in Virginia City, and the Sheriff of Storey county wanted him. Brent caught his man at Del Monte Station that evening, and yesterday morning forwarded him to Virginia City in care of James N. Reid.

The State Fair.

The Enterprise says the Renoites appear to be going to try to give us a State Fair this Fall worthy of the patronage of our people. It must be very much better than that of last year, and people will desire to be pretty well assured that it will be so before becoming at all enthusiastic in regard to it.

Will Hang Out His Shingle.

Thomas B. Pritchard, who has been with us for the past two weeks on business connected with the Big Indian Mining Company, says he is so brim full of law that he will have to hang out his shingle at Cora City and get rid of some of it or he'll bust.

Bodie Dividend.

On the 27th instant Bodie Con. declared a dividend of 25 cents per share, or $25,000. This is the first dividend from the Bodie since that paid in March, 1880, two years and five months ago. Up to that time the Bodie had disbursed $1,200,000 in dividends.

In their Own Light.

The True Fissure very truly says in speaking of mining regions of this county that prospectors stand in their own light when they retain for years a location that, although it may be valuable, they have not the means to develop.

Picnic Party.

A party of picnicers enjoyed a very pleasant day at Gregory Flat last Sunday. Among the party were Mr. and Mrs. McKinlay and family, Mr. and Mrs. Winters and Mrs. Galbrath.

To Resume Dividends.

It is reported in San Francisco that Northern Belle will resume the payment of dividends next month, with over four dividends of fifty cents each in the treasury.

New Locomotives.

It is the intention of the Carson & Colorado Railroad Company to put on two new locomotives this month. Business on the road is increasing.

E. Gallagher, one of the Trustees of the Big Indian Mining Company, was in town several days of last and this week.

T. A. Stephens, the jolly Bodie attorney, in company with Tom Gilchrist, made Aurora a flying visit this week.

Johnny Forbes, of the firm of Forbes & Tobey, lumbermen at Hawthorne, paid the county seat a visit last Wednesday.

Mrs. Clara Powning, who has enjoyed a very pleasant visit with relatives and old friends in Aurora for the past two weeks, left for her home in Reno yesterday.

The Times-Reveiw of last Monday says: "E. H. Fontecilla, an old-time print and pencil pusher, dropped in on us to-day. He will make Tuscarora his headquarters for some time." Harry is hard to keep track of lately.

R. E. Doran, of Columbus, J. L. Callison, of Candelaria, Dennis Higgins, of Elbow Station, James Downey, of Mason Valley, and T. B. Pritchard, of Cora City met with the Democratic County Central Committee Tuesday evening.

Beam Pixley showed his handsome face on our streets Wednesday. He made a neat little speech to his friends at the Bank Exchange, and declared he was not a candidate for Governor of California, and then left us for his home in Bodie.

Tonic and Appetiser—drink Damiana Bitters.

"De Corpse Vill Shpile."

Hank Knight, the well-known drummer, while in Carson a short time ago, told the following good story, and while it may not be the choicest kind of breakfast reading, yet it is too good to be lost: He and several other jolly drummers were traveling on a Southern Pacific train several weeks ago, and the day was excessively hot. One of the number remarked, "Boys, I've several bottles of excellent champagne with me, and I'd open them if we only had a little ice."

This remark was listened to by a mild-eyed, mild-mannered German who occupied a seat near this light-hearted band of drummers, and he said:

"Vell, shentlemens, ef you vant some ice I got some, und I vill pring it to you."

With this he arose from his seat and repaired to the baggage car, soon returning with a supply of the scarce article.

The drummers were too delighted, and filling up several glasses with the sparkling wine, offered one to the mild-eyed German; but he declined on the score that he never drank. After a while he was requested to get some more ice, and he very politely acceded to the wishes of the "boys," who were getting pretty well warmed up with the wine. He was sent out the third time, but on that occasion he returned empty handed, and said to the "boys":

"Shentlemen, I don't kin git some more ice, because dot package man says ef I take some more von dot ice von my brudder's corpse he vill shpile."

Some of the drummers turned deathly pale and soon relieved themselves of the wine which they had apparently so greatly relished.

Strayed or Stolen.

Deyo & Cottrell have of late missed several of their pack mules, which have either been stolen or strayed away. The boys have been out after them the last week, and if found in some one else's hands they'll have to give an account of how they got them.

For the kidneys and bladder—Damiana Bitters.

LITTLE RACKETS.

W. T. Mattingly has been appointed postmaster at Candelaria.

New hay has commenced to come in from the surrounding valleys.

There is little teaming on the road between Bodie and Hawthorne.

L. C. Hobart, of Smith's Valley, was in town yesterday with a load of new potatoes.

Farm hands are so scarce in this county that Indians will have to be pressed into service.

A waterspout visited Carson canyon, west of Marietta, last week, and swept everything in the canyon from top to bottom.

The Trustees of this district have received a number of applications from young lady teachers who want to teach the Aurora youth.

The Indian Queen Mining and Milling Company of Nevada has declared a dividend of five cents per share, or $6,250, payable in Boston.

A young man named George Curry suicided at Truckee last Sunday because the young lady of his affections refused to accompany him to a picnic.

While in nearly every town in the State the people complain of the heat, our citizens are favored with weather that couldn't suit better if made to order.

The supposed earthquake felt by a few of our citizens last Tuesday afternoon was caused by a young gentleman from the East falling from his firey black steed in front of the HERALD office.

The shipments of bullion from the Northern Belle mine amounted to $19,299 03 for the week ending July 20th; and the total shipments on July account to the same date have been $44,581 72.

The winds were whispering low and the sentinel stars had set their watch in the sky as she leaned from her chamber window and tenderly asked: "Is that you, Henry?" "Coursh 'tiz; pretty omon dozzen know 'er own husband when seezim."

You will never have a sour stomach if you drink Damiana Bitters.

Our Mines.

We have nothing special to say of our mines this week. The Cortez is working its usual force of men, and there is no change in the ore stopes. The drift to connect the east and west shaft of the Lewis Consolidated is completed, and where work is being done on the ledge the showing of ore is good both in quantity and quality. At the Centennial, the work of extracting ore is going on and the usual amount for a week's run has been put upon the dump.
